PRINCEVILLE, Dec. 28, 1872. To the Editor of the Pacific Commercial Advertiser: DEAR SIR-I deem it proper to inform you that certain native officials here in combination with certain ex-officials, knowing the unanimous wish of the people of this district in favor of William C. Lunalilo, have attempted and as they now believe intend to show on getting to Honolulu that their district is in favor of another candidate; and of course expect further favors if their party succeeds, A forced election was gotten up at Hanslei on Wednesday in favor of D. Kalakaua, and the whole affair kept secret from those who were known to be opposed to him-a few days before this agents went around with papers and natives urged to sign them; "that it would be all right" if they did, and at the place of His R H. Ritualism.

Rev. C. H. Spurgeon, in one of his latest sermons at the Metropolitan Tabernacle, has given the Ritualists a severe castigation.

"It is miserably amusing," he said, " to mark the way in which our so-called national church tries to win men to God. It has recently been stated that in seven of the leading Ritualistic churches in Lon-V. H. Rice, I. H. Kapuniai.

All the members appended their names to the ed the sum of £7 13s. 2d. for a whole year. It is back of their ballots excepting the Hons. Messrs. fair to add that one of them contributed £5 12s. 10d. to a special fund for Honolulu, but even with this extra effort the total is not raised to £14, and the average is not £2 apiece. These seven finely apostolic churches contributed between them £13 7s. for Foreign Missions, and yet the incumbent of one of them, before the Ritual Commission, stated in his evidence that the cost of his choir alone was 'about £1,000 a year.' O model church, with what wisdom hast thou acted! Behold, thou givest £2 for the salvation of the heathen, and £1,000 for a box of whistles and a set of singing men and singing wo-men to make music withal. Verily, this is a plain index of the whole business. Theirs is a religion of sensuous gratification, and not of soul winning. To charm ears with music, eyes with dainty colors, and noses with incense—this is their religion. Men pay money for these delights, even as they would to the opera, or any other amusement in which their tastes find pleasure; but for the winning of souls abroad a few halfpence may suffice to show the lack of zeal. Dear friends, we know that souls are not to be won by music. If the world were indeed to be conquered by chants, to be converted by sanctuses, regenerated by organs, and saved by little boys in surplices, then it would be time for us to cease our set up a vast array of pipes, lift up the crucifix, wave the censer, and cry, 'These be thy gods, O Israel.'"
